November 22, 2021

Riverside Drive Pathway  
Project Update- Right of Way Conflicts  
Town of Tecumseh

Dear Property Owner/Resident:

As noted within the July 2021 Project Update Notice, the Town of Tecumseh (Town) is committed to its continued communication with landowners and residents throughout the Riverside Drive Multi-Use Pathway project. This notice is intended to inform you that the design of the pathway has progressed to a level where impacts to landscaping features within the Town's right-of-way have been identified.

You are receiving this letter as landscaping or decorative features adjacent to your property, within the Town's right-of-way, have been identified for relocation or removal. We would like to schedule a meeting with you to discuss these impacts and coordinate restoration efforts. It should be noted that these meetings are intended to discuss the pathway and landscaping/decorative feature impacts to your property and are not intended as a public meeting to discuss the overall project.

We would like to schedule these meetings on-site during one of the following dates and times. We have allocated 30 minutes per meeting:

- Wednesday November 24, 2021 (11:00am to 5:30pm)
- Thursday November 25, 2021 (1:00pm to 5:30pm)
- Monday November 29, 2021 (11:00pm to 5:30pm)
- Tuesday November 30, 2021 (1:00pm to 5:30pm)

To schedule a meeting time please email [dtrice@dillon.ca](mailto:dtrice@dillon.ca) or contact Dean Rice from Dillon Consulting Limited at the phone number below.

If you have any questions, please contact one of the following:

Town of Tecumseh

Cameron Hedges  
Project Coordinator  
519-735-2184 Ext. 128

Dillon Consulting Limited
