

## The Corporation of the Town of Tecumseh

---

July 22, 2021

**Riverside Drive Pathway  
Project Update  
Town of Tecumseh**

Dear Property Owner/Resident:

The Council of The Corporation of the Town of Tecumseh, at its regular meeting held Tuesday, June 22, 2021, considered Report No. PWES-2021-29 Riverside Drive Trail Final Review and Recommendations. At this meeting, Tecumseh Council passed the following resolution:

**“That** the recommendation from the Town’s Consultants, Bezaire Partners and Dillon Consulting Limited, to proceed with the installation of a recreational multi-use trail on the south side of Riverside Drive from the Tecumseh-Windsor border to Manning Road **be adopted;**

**And that** the Riverside Drive Trail project **proceed** to the detailed design stage and in accordance with the recommendations from the Town’s Consultants and that the detailed design be reported back to Council.”

Per the above recommendations, Dillon Consulting Limited (Dillon) and Bezaire Partners-Urban Planners, Land Architects (Bezaire) will commence the detailed design of a 2.4m – 3.0m wide asphalt, in-boulevard multi-use pathway along the south side of Riverside Drive between the Tecumseh-Windsor border and Manning Road.

As part of the detailed design, a legal survey will be completed in the coming months. Additional preliminary works, such as exploratory digs and general site reconnaissance are expected and will likely commence within this time period.

Once the detailed design has been submitted to the Town and any applicable regulatory agencies for review, the design will be reported back to Council for information in accordance with the recommendations from the June 22, 2021 meeting.

The Town of Tecumseh is committed to its continued communication with landowners and residents throughout the duration of this project. Landowners who have landscaping, fencing, or decorative features within the public right-of-way, which may be impacted by the proposed pathway, will receive further correspondence as the project continues.

If you have any questions, please contact one of the following:
