Drinking-Water System Category:
Period being reported:

260004969

Town of Tecumseh Distribution System
The Corporation of The Town of Tecumseh
Large Municipal Residential
01- January -2024 to 31- December – 2024

<u>Complete if your Category is Large Municipal</u> <u>Residential or Small Municipal Residential</u>

Does your Drinking-Water System serve more than 10,000 people? Yes [X] No []

Is your annual report available to the public at no charge on a web site on the Internet?

Yes [X] No []

Location where Summary Report required under O. Reg. 170/03 Schedule 22 will be available for inspection.

Town of Tecumseh Municipal Office 917 Lesperance Road Tecumseh, Ontario N8N 1W9

Complete for all other Categories.

Number of Designated Facilities served:

N/A

Did you provide a copy of your annual report to all Designated Facilities you serve?

Yes [] No []

Number of Interested Authorities you report to:

Did you provide a copy of your annual report to all Interested Authorities you report to for each Designated Facility?

2

Yes [X] No []

Note: For the following tables below, additional rows or columns may be added or an appendix may be attached to the report

List all Drinking-Water Systems (if any), which receive all of their drinking water from your system:

Drinking Water System Name	Drinking Water System Number
Lakeshore Dist. System	260004982

Did you provide a copy of your annual report to all Drinking-Water System owners that are connected to you and to whom you provide all of its drinking water?

Yes [X] No []

Indicate how you notified system users that your annual report is available and is free of charge.

Describe your Drinking-Water System

Water Distribution System

The Town of Tecumseh, City of Windsor and the Windsor Utilities Commission (WUC) entered into a 50-year Service Agreement in November 2004. The Service Agreement was implemented on March 31, 2006 when four boundary metering chambers were installed and maintained by the Town of Tecumseh. Tecumseh's drinking water system also includes a water tower located on Tecumseh Road, with no re-chlorination stations within the distribution system

Prior to August 1, 2008, WUC provided water to 2,400 residents in the former Township of Sandwich South, south of Highway 401 ("South Water Area"). The Town installed eight additional boundary meter chambers and assumed the responsibility for the operations and maintenance of the water distribution system from WUC in this South Water Area effective August 1, 2008.

The Town of Tecumseh and the Town of Lakeshore entered into an agreement on May 13, 2003 whereby the Tecumseh distribution system supplies drinking water to the Lakeshore distribution system. This agreement expired on December 31, 2007 and is currently being renegotiated; the status quo is maintained until a new agreement is signed.

List all water treatment chemicals used over this reporting period

Were any significant expenses incurred to?

No [] Yes [] Install required equipment No [] Yes [X] Repair required equipment

No [] Yes [X] Replace required equipment- PWES-2024-07

Please provide a brief description and a breakdown of monetary expenses incurred:

The PWES Capital works plan encompassed several key projects in 2024:

- 1. Southfield Park Addition of 220m of 200mm diameter new PVC watermain
 - Scope: Extension of 200mm PVC watermain (via directional drilling and open cut) from the existing 200mm main located at the end of the Arbour Street cul-de-sac, westerly through Southfield Park, and tying into the existing 200mm main along Southfield Drive. A total of approximately 220m of new watermain.
 - Location: Southfield Drive and Arbour Street Cul-de-sac (Southfield Park)
 - Construction: Directionally drilled and open cut 200mm diameter PVC watermain
 - Total Project Costs: \$268,000 (including 1.76% HST)

- 2. County Road 42 and County Road 43 Improvements, Phase 2
 - Scope: Replacement of approximately 230m of existing 200mm cast iron diameter
 watermain with 200mm diameter PVC watermain along Banwell Road from County
 Road 42 northerly, including abandonment of existing watermain.
 In addition to approximately 1250m extension of 600mm diameter PVC trunk watermain
 along Banwell Road and County Road 43 from County Road 42 to Canadian Pacific
 Railway. Components: watermains, and restoration
 - Purpose: Facilitating utility relocations for road improvements and serving for County Road 43 Diversion
 - Estimated Project Costs (Tecumseh's portion): \$2,463,000 (including 1.76% HST)
- 3. Meter Chamber MCT-06 (10005 County Rd 42) Inline Pressure Transmitter Replacement:
 - Total Cost: \$22,840.66 (excluding HST)
- 4. Replacement of 6 Auto Flushing Stations
 - Total Cost: \$45,000 (excluding HST)

Provide details on the notices submitted in accordance with subsection 18(1) of the Safe Drinking-Water Act or section 16-4 of Schedule 16 of O.Reg.170/03 and reported to Spills Action Centre
