Purpose of Development Charges

The general purpose for which development charges are imposed by the Town is to assist in providing the infrastructure required by future development in the municipality by establishing a viable capital funding source to meet the Town's financial requirement.

The Council of the Town of Tecumseh passed By-law No. 2024-063 on July 23, 2024, under subsection 2(1) of the *Development Charges Act, 1997*. Development Charge By-law No. 2024-063 includes both development charges which are applicable on a Municipal-Wide basis and on an Urban Service Area basis which is payable in addition to the Municipal wide charge.

Development Charge Rules

The rules for determining if a development charge is payable in a particular case and for determining the amount of the charge, are as follows:

1. The development charge by-law applies to all lands in the Town of Tecumseh;
2. Development charges are payable prior to issuance of a building permit;
3. Notwithstanding the provisions of By-law No. 2024-063, development charges shall not be imposed with respect to:
 - a) the development of non-residential farm buildings constructed for bona fide farming uses;
 - b) one or more enlargements of an existing industrial building or one or more industrial buildings on the same lot or parcel of land, up to a maximum of fifty percent (50%) of the combined gross floor area of the existing industrial building. An enlargement shall include expansion of the existing industrial building as well as new industrial buildings on the same parcel of land.

If the gross floor area is enlarged by more than 50 per cent, the amount of the development charge in respect of the enlargement is the amount of the development charge that would be payable multiplied by the fraction determined as follows:

1. Determine the amount by which the enlargement exceeds 50 percent of the gross floor area before the enlargement.
2. Divide the amount determined under paragraph 1 by the amount of the enlargement.

Pursuant to 3.5 (b) of this by-law, the total eligible gross floor area exemption for the enlargement of an industrial building provided for by this section shall be fifty percent of:

- i) the gross floor area that existed prior to the first enlargement for which an exemption from the payment of development charges was eligible to be granted pursuant to this By-law or any previous Town of Tecumseh Development Charges By-Law enacted pursuant to the *Development Charges Act, 1997*, as amended or its predecessor legislation; or
 - ii) the gross floor area of the existing industrial building where there has not been an enlargement in accordance with item i. above.
